

Recommended COVID-19 Testing Laboratories

Below is a compiled list of recommended COVID-19 testing laboratories certified by the California State Department of Health. These labs are recommended for use by the San Francisco Department of Public Health because they meet the minimum requirements outlined in the SFPDH health directive on school reopening and can provide optimal operational elements to support timely and effective roll out of school testing strategy. If you have any further questions, please contact schools-childcaresites@sfdph.org.

Table with 4 columns: Name and Contact info, Test Turnaround Time (TAT), Test Type, and Can Bill KP, Blue Shield, Anthem, Aetna and Medi-Cal. Rows include PHYSICIANS IMMUNODIAGNOSTIC LABORATORY, Curative, Inc., CONSOLIDATED MEDICAL BIO-ANALYSIS INC, NextGen Laboratories, BACH MEDICAL GROUP, and HEALTHY CARE CLINICAL LABORATORY.

All of the above labs at minimum:

- 1. California clinical laboratory license and a CLIA certificate.
2. Lab is running FDA EUA molecular
3. Lab is submitting data to CalREDIE (either via ELR or .csv).
4. Full service: Lab can provide onsite/offsite sample collection.
5. Service area includes the Bay Area
6. Capacity is >500 tests per day

1 For Complete List with up-to-date TAT: https://testing.covid19.ca.gov/covid-19-testing-task-force-laboratory-list/

2 PCR molecular tests provide highest accuracy. For information on test types: https://testing.covid19.ca.gov/covid-19-testing-task-force-laboratory-list/

3 Average out of pocket cost without insurance is estimated at \$100 per test
